

## Orange Village Service Department

4680 Lander Road  
Orange Village, OH 44022

### **Service Department Container Drop-Off Program**

The Service department has a program that provides residents a dumpster/container service for the easy disposal of brush, yard waste, construction debris and household debris. Because the trucks that deliver these containers are used for snow removal, the containers are only available during the months of April through November (weather permitting).

The containers are rented out on a first-come-first serve basis and residents should call at least three days in advance to rent a container.

The Village has two sizes, an eight (8) yard container and a ten (10) yard container.

Do not overload the containers. Material should be loaded level and evenly and shall not extend higher than the sidewalls of the container.

This service is for residents only. If you hire a contractor to perform work, they must dispose of the building material, yard waste, brush or trees.

### **ACCEPTABLE LOADS (DO NOT MIX; CHOOSE ONE OF THE FOLLOWING)**

**Household Items-** appliances (all Freon must be removed), furniture, clothing, toys, cooking utensils, etc. General clean-out/move-outs of homes, basements, garages

**Construction Debris-** drywall, tile, linoleum, insulation, siding paneling, windows, decking, doors, roofing material, etc. No household items. General construction debris from do-it-yourself projects

**Yard Waste-** grass clippings, leaves, weeds, mulch, hedge trimmings, plantings, straw, earth, sticks and twigs and small branches

**Small tree-** logs under 12" in diameter

**Large tree-** logs over 12" in diameter

**Railroad ties**

**Clean fill-**Bricks, stone, concrete, asphalt, dirt, block

**Stumps**

**Note:** If residents mix different types of material in the container as listed above, you will be billed for any additional dumping costs of your container incurred by the Village.

Orange Village, OH 44022

### **RESTRICTED ITEMS: HOUSEHOLD HAZARDOUS WASTE (HHW)**

Do not dispose of any household hazardous waste into any Village waste container. Household Hazardous waste such as medical waste, oil-based paint, motor oil, fuel, pesticides and insecticides, fertilizers, garden chemicals, mercury, Freon, car batteries, aerosols, propane cylinders, stains and varnishes, thinners, turpentine, cleaners/acid, bleaches, antifreeze etc. is not permitted.

Please dispose of these products by using the Village Household Hazardous Waste collection program. See the Village recycle calendar or Village website ([www.orangevillage.com](http://www.orangevillage.com)) for dates and regulations.

**Note:** If any hazardous material is located in the container, it will be the responsibility of the resident to remove the material and dispose of correctly. If any material is found in the container that is determined to have created a hazardous condition, the resident will be required to contract with a certified hazardous waste removal contractor and pay all fees associated with the disposal of the material. Residents in violation will no longer be able participate in the container drop-off program.

<b>Fees:</b>	<b>8 Yard container</b>	<b>10 Yard container</b>
Construction Debris and Household items	\$130.00/8 yard container	\$150.00/10 yard container
