Authorized Applicant's Signature | Print Name | Date

- Any proposed business identification or ground sign must be reviewed and approved by the Planning & Zoning Commission before a permit can be issued.
- All drawings must be received by the Building Department two (2) weeks prior to the scheduled Planning & Zoning Meeting. Planning & Zoning meetings are held twice a month, on the 1st and 3rd Tuesday of every month, beginning at 7:30pm. Approval from 'Homeowners Association' or Property Owner is necessary, if applicable. Should approval of plans be denied, revised plans must be resubmitted (still allowing an additional 2 weeks for review). ****In order for the plans to be reviewed at the Planning & Zoning meeting, a Representative MUST be present. ****
- Bring color and/or material samples to the meeting. \$200.00 Plan Review Fee is Required, Three (3) sets of drawings, Three (3) sets of site plans and Landscaping plan if applicable (Ord. 1161.09(a)(4).
- Permits for business identification signs and ground signs are the most common types of sign permits. The size of a business identification sign is based on the lineal foot frontage of the store, building or business suite. Complete design standards are contained in Chapter 1161 of the Codified Ordinances. The Codified Ordinances can be found on our website, at www.orangevillage.com.
- All Contractors must be registered before obtaining a permit. Contractor Registration forms are available at Village Hall or online at: www.orangevillage.com.
- Signs that have new electrical power must have the work performed by a state licensed contractor.
