Community News  
Summer 2017

## Toy Story

At the Amphitheater  
Saturday, July 15 at dusk

Movie will start at approximately 9:15 pm

Led by Woody, Andy's toys live happily in his room until Andy's birthday brings Buzz Lightyear onto the scene. Enjoy this animated film considered by many critics to be one of the best animated films ever made.

MOVIES

in the  
PARK

At the Amphitheater  
Friday, August 4 at dusk

Movie will start at approximately 9:00 pm

A comedy-adventure set in the modern mammal metropolis of Zootopia. Determined to prove herself, Officer Judy Hopps, the first bunny on Zootopia's police force, jumps at the chance to crack her first case – even if it means partnering with scam-artist fox Nick Wilde to solve the mystery.

Spend an evening with family and friends. Free popcorn and lemonade!  
\*Parking is located off Pike Drive\*

In case of inclement weather the movies will be held in Council Chambers, 4600 Lander Road.

## ORANGE VILLAGE PLAYGROUND UPDATE

Orange Village Service Department has been working diligently on the playground for the last few months so our children can soon enjoy our new state of the art play structure. We hope to have the playground open by the end of July. Check our website and sign up for enews for information on the official park grand opening!

## Employee Spotlight

### Chief Building Official Robert McLaughlin

Orange Village's building department has a new Chief Building Official, Robert McLaughlin. Bob launched his career in the building department field over 31 years ago. He worked in Lakewood for 17 years as a residential and commercial inspector, progressing to Assistant Building Commissioner before becoming the Chief Building Commissioner in Olmsted Falls. In August of 2015, he became Chief Building Official in Woodmere and is now our Chief Building Official in Orange Village.

Bob possesses all certifications that are required by the State of Ohio for both Commercial and Residential construction including Building Official, Residential Building Official, Building Inspector, Residential Building Inspector, Electrical Safety Inspector, Plumbing Inspector and Residential Plumbing Inspector.

There are several endeavors taking place in this small Village and Bob is proud to be part of these noteworthy projects. Pinecrest's vision is to be a vibrant SUB-urban streetscape as one of Cleveland's most sought after destination to live, work, shop, dine, play and stay. Chagrin Highlands South will be expanding and Lakes of Orange is one of Ohio's first residential Green Certified communities. Bob is looking forward to continuing his career in this great community.

If you have any questions concerning State or local codes, building, remodeling or any type of issue please feel free to contact him at 440-498-4400. Bob is ready, willing and able to assist you.

Bob and his wife Ruth have been married for 33 years and have 5 children and two grandchildren.

## COMMUNITY PARK ENTRANCE DEDICATED

The statue of the children playing in front of Village Hall is dedicated to the memory of Mayor Elmer White. He served as Mayor from 1968 to 1983.

Under Mayor White's leadership, Orange Village began acquiring land on Lander Road which has become our 65 acre municipal facility, community park and recreational area. We are the beneficiaries of his foresight and early planning.

## Need a Ride?

### Orange Senior Transportation Connection

If a ride is needed and you are age 60+ or disabled and have registered with the Orange Senior Center, please call STC Van Call Center a minimum of two days in advance at 1-800-983-4782 to schedule a ride. The call center hours are Monday through Friday from 7:00 am - 5:00 pm. Service runs Monday through Friday from 9:00 am to 3:30 pm. You may donate \$3/one way or \$6/round trip. Drivers will be identified with bright red shirts and the van will be marked with the Orange logo and with the STC logo.

Dear Neighbor,

Summer is my favorite season in Orange Village. There are so many fun activities and events right here in our community. We recently had a wonderful concert by Blue Lunch at the Amphitheater which was well attended and lots of fun. I hope you will bring the family to see Toy Story on July 15<sup>th</sup> and Zootopia on August 4<sup>th</sup>. The amphitheater is a wonderful facility to enjoy an outdoor movie. As usual, we will celebrate the Salute to Orange on Labor Day Weekend with lots of activities for all ages and a spectacular fireworks display. I always enjoy meeting everyone at the neighborhood picnics and block-parties. I love seeing everyone during the summers in Orange Village.

#### **COMMUNITY PARK:**

There is a lot of activity this summer. Our service department has been working very diligently constructing the wonderful new playground area. We will let everyone know as soon as it is ready to be played upon. I can't wait to see the children enjoying themselves on this exciting project. Due to the heavy and frequent rains, it has taken longer than expected to complete, thus pushing back construction of a new pickleball court, which is still planned for this year. Hopefully, by the end of summer, we will be announcing the opening of that new recreational facility as well.

#### **RECREATIONAL TRAILS:**

Our Service Director and Village Engineer continue to visit residents along the main roads of the Village where the future recreational trails are going to be installed. We are working on the design of six-foot wide meandering trails on one side of each of the main streets to be constructed in 2018. We have had multiple public meetings and communications as well. By the end of this year, we will have final plans in place for residents' review. Construction will take place next year. By the end of 2018, our residents will have a safe way to travel on foot around the Village.

#### **COMMERCIAL DEVELOPMENTS:**

Our Village is booming with the construction of Pinecrest and, soon, the Chagrin Highlands project will be underway. The Northeast quadrant of the Village will be a heavily commercial area with many new restaurants, shops, hotels, apartments, etc... We are doing everything possible to minimize the impact on our residential areas, while maximizing the benefits to our residents of having these amenities in town. These projects will begin to open in Spring, 2018 for our patronage and enjoyment.

Slyman's will be opening in the old Red Robin's building later this summer. The Village Auto Wash is getting a complete renovation and update soon.

This is just a small sampling of all the things happening in Orange Village. Earlier this year, I became a Board Member of Destination Cleveland, which is the Travel & Tourism/Convention Agency for the region. It's been exciting and enlightening to learn about all the wonderful things happening throughout Cuyahoga County. This is a great time to be living here. We have a lot to be proud of and a lot to look forward to.

#### **HOME MAINTENANCE:**

We need everyone to take pride in our community and do their share by maintaining their own homes and properties. This has been an ongoing concern. While the building department personnel is intent upon enforcing our exterior maintenance codes (Section 1331.04), we need everyone's help and cooperation. Please look around your property and make sure you are maintaining it in good order. If you see (potential) violations in the neighborhood, please bring them to our attention as well. It takes all of us to keep our community desirable.

Please have a wonderful and safe summer. Please do not hesitate to contact me, or any of our dedicated staff members, if we may be of assistance.

Sincerely,

  
Kathy Mulcahy  
Mayor

@Orange Village Ohio

**MEET THE MAYOR**  
Wed. July 12 - 2:00 pm  
Wed. Aug 9 - 2:00 pm  
Wed. Sept 13 - 7:00 pm

## THEFT CAN BE PREVENTED!

Theft is largely a crime of opportunity that can be prevented by taking a few simple steps to "Harden" the target, which is your home and automobiles.

1. If you have an alarm system, USE IT (even at night)!
2. LOCK your doors and windows when home or away! (don't forget rear sliding doors)
3. LOCK cars in the garage and driveway!
4. Remove valuables from cars!
5. Remove keys from the ignition of your vehicles (cars in the garage too)!
6. Use perimeter lighting (motion lights)!
7. Be observant!
8. Don't keep car keys, purses, wallets etc. in the kitchen or by exterior doors!
9. Be a good neighbor and call 911 to report **all** suspicious activity while it's happening!

### LOCK UP \* LOOK OUT \* REPORT

With a little effort, observation, and team work, we can reduce the instances of successful burglaries and increase our chances of apprehension at the same time.

### NO CALL IS A "BOTHER" TO YOUR POLICE DEPARTMENT!

## BICYCLE SAFETY

RIDERS SHOULD WEAR HELMETS - It's the law for riders 16 and under

MAKE SURE TO WEAR REFLECTIVE CLOTHING WHEN WALKING OR BIKING  
AT NIGHT

### \*BICYCLISTS - ROAD SAFETY\*

The laws of the road apply to bicyclists just as they do for all other motorists.  
If you don't follow the rules of the road you may be cited in traffic court for the infraction.

These rules are in effect for the safety of YOU, the cyclist, and everyone else on the roadway.

## NEIGHBORLY ADVICE

Orange Village has an ordinance that was enacted to limit the hours for construction due to noise. The same holds true for residential areas such as loud noises from outdoor music and/or the operation of yard and household maintenance equipment. The restriction hours are from 9pm to 7am weekdays and 9pm to 9am Saturdays and Sundays.

Please be considerate of your neighbors and try and keep all loud noises down to a minimum in the evening.  
**Orange Village Ordinance 509.08**

## CONTAINER RENTAL SERVICE OFFERED

Orange Village will drop off an 8 or 10 yard container through November (weather permitting) to help dispose of brush, yard waste, construction debris or household debris. You cannot mix items in the container but you can choose from several different types of materials to dispose. Costs vary depending on the items that will be disposed of. Please visit our website at [www.orangevillage.com](http://www.orangevillage.com) for detailed information or contact us at 440-498-4403. Please remember this service is for residents only.

# Recycling Opportunities

## Branch Chipping

The Orange Village Service Department, will be collecting branches and brush on July 24 and September 11.

- ⚠ DO NOT mix leaves, grass clippings or yard material
- ⚠ Limbs should be placed with cut ends towards the road, no more than 2 feet high and 3 feet wide
- ⚠ DO NOT make large piles

**This service is not intended to chip complete trees or for use by a commercial tree service provider.**

## Wood Chips

Orange Village delivers wood chips free of charge to residents. An approximate load size is 10 yards. Requests are honored in the order they are received, while supplies last.

Place your order online at [www.orangevillage.com](http://www.orangevillage.com) or call Village Hall at 440-498-4400.

## Scrap Tire Collection - Sept. 5-29

The Service Department will collect tires that are removed from the rim. You may drop off your tires Monday through Friday from 7:00 am to 3:00 pm at 4680 Lander Road.

## Computer Collection

**Month of August and  
First Friday of Every Month**

Computer equipment will be accepted Monday through Friday in August from 7:00 am to 3:00 pm at the Service Department Recycle Center, 4680 Lander Road.

## Household Hazardous Waste Collection

**First Friday of Every Month  
7:00 am to 3:00 pm**

Orange Village will accept unwanted oil-based paint, pesticides and other household hazardous wastes at the Service Department Recycle Center.

**\*NO LATEX PAINT OR  
FLUORESCENT BULBS.\***

## Paper Shredding

**Friday, August 11<sup>th</sup> 9:00am - noon/Pepper Pike  
28000 Shaker Blvd., Pepper Pike**

**Friday, October 13<sup>th</sup> 9:00am - noon/Orange  
Orange Service Dept, 4680 Lander Rd**

If you are unable to attend the Orange Village shredding events, you can bring your items to Orange Village Hall the Wednesday and

Thursday prior to the event between 8:30 am and 4:00 pm. The items will be placed in a secure container. **This free service is for residential shredding ONLY. There is a 5 box/bag limit. We will not accept shredding from businesses.** Please contact Village Hall with any questions at 440-498-4400.

## HOW TO DISPOSE OF FLUORESCENT BULBS

Orange Village will no longer be accepting fluorescent bulbs. Compact fluorescent (CFL) bulbs can be disposed of for free at any Home Depot or Lowe's Home Improvement store.

Currently Lowe's will accept **residential fluorescent tubes** at their stores for recycling.

## Metal Recycling

A drop-off dumpster is available for ferrous and non-ferrous recyclables. It is located at the Service Department, 4680 Lander Road, by the salt shed and is marked with a sign under the overhang. It is for "Metals only" - no other trash or products.

The Members of the Orange Village Fire Department often deal with a myriad of medical emergencies. As Paramedics we are charged with the dual role of performing medical interventions while also dealing with many different personality traits, age groups and cognitive abilities. In an effort to enhance our care associated with those experiencing dementia and Alzheimer's disease, we arranged for additional training so that we can better serve our residents. Members of your Fire Department underwent an advanced training session last month. Sarah Sobel, Public Policy and Outreach Coordinator for the Alzheimer's Association (Cleveland Area Chapter) conducted the training session. Below are a few statistics related to this disease:

**"First Responders are in a unique position to be dementia friendly."**

- 1 in 9 individuals over the age of 65 have Alzheimer's disease. 45% of these individuals are not formally diagnosed. This fact drives home the importance for our Paramedics to recognize and enhance their interactions when encountering those impacted by this disease.
- Alzheimer's is currently the 6<sup>th</sup> leading cause of death in the United States. There is currently no known cure.
- There are 210,000 Ohioans living with Alzheimer's with nearly 600,000 caregivers providing support.

According to Sarah, "First Responders are in a unique position to be dementia friendly. By being supportive and inclusive in their approach, Paramedics will function with an increased understanding of how to manage emergency situations and crisis intervention for individuals with Alzheimer's and related dementia." Sarah also points out that, when properly trained, Paramedics will "Strengthen relationships with residents and be perceived as a trustworthy and reliable community partner."

Daniel Fritz, Orange Village Assistant Fire Chief, knows first hand how this disease affects the patient and other family members. "My Grandfather suffered from Alzheimer's disease. It was a very difficult time for my mother and our extended family circle. If our department can provide improved care and improved emotional support during medical emergencies then we can better treat those we have taken an oath to protect."

The Orange Village Fire Department is constantly exploring ways to cater its training efforts to focus on the entire community. A sincere "thank you" to Sarah and the Alzheimer's Association for their assistance in helping us fulfill this commitment. To learn more about the Association, please contact (800) 272-3900.

## 2017 ROAD PROGRAMS

This year, Orange Village's construction project will be the pavement and drainage improvement of Jackson Road (Brainard to the east corporate line). This project is anticipated to be completed in late summer or early fall.

Please note that Pinecrest will continue with their much anticipated project and there may be some road construction in the Harvard Road/Orange Place area.

## KIWANIS CLUB OF LANDER CIRCLE 57<sup>TH</sup> ANNUAL SPECTACULAR SALE OF BARGAINS

**July 13, 14, 15 & July 20, 21, 22**

**Location: Behind the tennis courts on  
Gail Allison Dr. on the Orange School  
Campus**

**Hours:**

**Thursday 10am-3pm & 5pm-8pm**

**Friday 5pm-8pm**

**Saturday 10am-3pm**

## Contractor Registration

### Why does my contractor have to register?

Orange Village requires contractors to register in order to protect you, the homeowner. Orange Village requires that registered contractors provide proof of insurance coverage to protect property owners, neighbors and themselves in case of an accident. Electricians, Heating and Cooling, Refrigeration and Plumbing contractors must also provide a copy of their state license when registering to prove that they are trained and qualified.

Since 1983, Council has required all contractors and sub-contractors to be registered, even if the owner or another contractor has obtained the permit.

Homeowners may obtain permits for their own work without registering, but may not secure a permit for work being done by a contractor.

To confirm that your contractor is registered, please contact the Building Department at 440-498-4400

## Proper Disposal of Yard Waste

### Grass clippings. Leaves. Sticks. Wood Chips.

These and other yard waste may not sound like they would be harmful to creeks or the animals that live in them. Homeowners and landscapers may even think that dumping these natural, organic materials on streambanks helps to slow erosion. But in reality, they can cause major problems, especially when they are dumped in smaller backyard streams and roadside ditches.

As these materials decompose, they consume oxygen, depleting the oxygen supply for fish, frogs and salamanders. Additionally, streams with low levels of oxygen often have a foul odor. Wood chips and pine needles can increase the acidity of the water. As these materials pile up on the streambank, they smother and kill vital streamside vegetation, making streambanks more susceptible to erosion.

And while logs and branches in the stream can provide beneficial habitat and channel stability, smaller sticks, leaves and grass clippings often float downstream and clog culverts or bridges, leading to localized flooding or new erosion. For this same reason, yard waste should never be dumped or blown into a storm drain or roadside ditch.

### So, how should you dispose of yard waste?

**REDUCE** the amount of yard waste you generate: Consider using a mulching mower so that grass clippings are chopped up small, making bagging or otherwise disposing of them unnecessary. This has the added benefit of adding organic material back into your lawn soil. Leaves can often be mulched and incorporated into your lawn using this technique as well.

**COMPOST:** Grass clippings, weeds, leaves and many other yard and garden wastes can be composted right in your own back yard, along with plant-based kitchen scraps. Techniques range from a simple backyard compost pile to bins or even digesters that can also handle pet wastes. Finished compost can then be used to add fertility to lawn, garden and landscaped areas. Visit [cuyahogarecycles.org](http://cuyahogarecycles.org) for more information about backyard composting.

For more information on how to reduce stormwater pollution, contact us at 216/524-6580 or visit our website at [www.cuyahogawcd.org](http://www.cuyahogawcd.org).
