NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF ORANGE VILLAGE, CUYAHOGA COUNTY, STATE OF OHIO:

SECTION 1. That the appointment by the Mayor of Stephen Hovancsek & Associates, Inc., as Village Engineer of Orange Village is hereby approved and confirmed, effective January 1, 2025.

SECTION 2. That said Village Engineer shall be compensated for services rendered in said capacity on the following basis:

a) If the proceedings for any improvement are completed according to the usual schedule, as provided by law, so that the bids are received and a contract is awarded, the Engineer shall be paid a sum equal to sixty-five percent (65%) of the amount listed in Section 2(c); as the work progresses, he shall receive additional compensation equal to the balance of the fee listed in Section 2(c); said compensation to be paid at the time the contractor's estimates, upon which the Engineer's fee is based, are presented for payment. Before the final estimate for the work is issued, any adjustment shall then be made so that the total fee paid to the Engineer shall be equal to the percentages listed in Section 2(c); provided, however, that the Engineer's fee shall not be increased from the amount which was based upon the original estimate of the cost of the project unless the Engineer can demonstrate to the satisfaction of the Village that the increase of the construction cost caused additional work by the Engineer.

b) Notwithstanding the provisions of subsection (c) hereof, for public improvement projects whose estimated cost is in excess of \$500,000, the Village shall be permitted to solicit and accept proposals for consulting engineering services and, in such cases, Stephen Hovancsek & Associates, Inc., shall be permitted to submit proposals for offering his services for such project.

In the event the proceedings for abandoned, or postponed work are revived and actively pursued by the Village, the Engineer shall perform the balance of the services to be rendered under this agreement and not previously performed, and he shall credit against the total compensation due any payments made under Section 2(c).

e) The fee provided in Section 2(c) hereof, shall cover engineering services including preliminary estimates and reports, complete detailed plans and specifications, and preparation of monthly and final estimates for contractors' payments.
